A screenshot of a software application window titled "Extract Cautions From Engine Manual Tool V1.0". The window has a menu bar with "File" and "Help". Below the menu bar is a header area with the "IHI" logo and the title "Extract Cautions From Engine Manual Tool V1.0". The main area contains three input fields: "Select Module" with a dropdown menu showing "Engine Manual CIR", "Enter Engine Manual Link" with a text box, and "Choose Output Location" with a text box and a "Browse" button. A blue "Fetch Cautions" button is positioned below the "Enter Engine Manual Link" field. Three blue arrows point to specific inputs: one from the label "Module Type" to the "Select Module" dropdown, one from "Module Link" to the "Enter Engine Manual Link" text box, and one from "Report Output location" to the "Choose Output Location" text box.

Inputs

The screenshot shows a software window titled "Extract Cautions From Engine Manual Tool V1.0". The window has a menu bar with "File" and "Help". Below the menu bar is the IHI logo and the title "Extract Cautions From Engine Manual Tool V1.0". The main interface contains three input fields on the left, each with a label: "Select Module" (a dropdown menu showing "Engine Manual CIR"), "Enter Engine Manual Link" (a text box), and "Choose Output Location" (a text box with a "Browse" button next to it). A blue "Fetch Cautions" button is centered below the input fields. Four teal arrows point from external labels to the input fields: "Module Type" points to the "Select Module" dropdown, "Module Link" points to the "Enter Engine Manual Link" text box, and "Report Output location" points to the "Choose Output Location" text box. There is also an unlabeled arrow pointing to the "Browse" button.
